EXPLANATION OF RELEVANCE

References AA, AE, AM, and AN were identified in the International Search Report. References AA and AM were identified in the specification. References AA, AE, and AM are in English, so no further commentary on their teachings is required. Reference AN is in German, but its relevance is adequately discussed in the specification. Reference AF is a German patent and discusses a computer-controlled telephone apparatus for monitoring and processing call signals. Reference AG is a German patent and discusses a processor connection interface for a digital telephone apparatus. English translations of the abstracts for references AF and AG are included--English translations for the full patents will be provided upon request of the Examiner.

The filing of the present Information Disclosure Statement is not to be construed as a representation that a search has been made, and is not to be construed as an admission that the information cited in the present Information Disclosure Statement is, or is considered to be, material to patentability as defined in 37 C.F.R. §1.56(b).
